

CLAY-X

RED CLAY STAIN REMOVER

Clay-X is a professional cleaner that removes red clay, rust, and iron oxide stains from porous masonry. Its buffered acid and surfactants penetrate deep to dissolve embedded particles and restore the surface's natural look.

Key Features

- **Formulated** for red clay and iron oxide stain removal.
- **Buffered Acid Chemistry** - Controlled pH for effective cleaning with minimized substrate etching.
- **Low-Volatility Composition** - Reduced fumes, water-rinseable residue.
- **Broad Substrate Compatibility** - Concrete, brick, natural stone, stucco, pavers, and other mineral-based materials.
- **Exterior-Grade Performance** - Effective on driveways, patios, walkways, retaining walls, and pool decks. Commercial & Residential.
- **Straightforward Application Protocol** - Apply, agitate, allow dwell time, rinse thoroughly.

Coverage

1 Gallon: 200-250 sq. ft.

Coverage varies by surface porosity and stain severity.

Application

1. Dampen surface with water.
2. Apply Clay-X undiluted with a plastic sprayer.
3. Allow 3-5 minutes dwell time (do not dry).
4. Agitate with nylon brush on stubborn stains.
5. Rinse thoroughly with pressure washer or hose.
6. Repeat if necessary for older/deeper stains.

Exclusions

New concrete (<60 days old)
Polished, sealed, or glazed surfaces
Metal surfaces (aluminum, copper, steel)
Wood, painted, or stained surfaces
Glass surfaces
Sensitive landscaping (pre-wet plants/turf before application)

Clay-X

Technical Data

Color:	Red
Boiling Point:	210F
Specific Gravity:	8.7 WT. +/- .04
Solubility in Water:	Excellent
Evaporation Rate:	Same as Water
pH:	<1.0
Vapor Pressure:	N/A
Vapor Density:	N/A
Viscosity:	More than water
Application:	Sprayer

Precautions

- Wear gloves, goggles, and long sleeves.
- Use outdoors or in well-ventilated areas.
- Store in original container, sealed, away from sunlight.
- Do not mix with other cleaners or chemicals.

Targets Red Clay & Rust

Breaks red clay bonds, lifting stains and restoring masonry's original look.

Buffered Acid System

Strong cleaning power, gentle on surfaces.

Low-Fume Formula

Safer to apply with easy rinsing.

Multi-Surface Compatible

Works on concrete, brick, block, stucco, pavers, stone, and more.
